Jumper Division Class Specifications

Table IV Sec. 1

Classes are scored on Faults under Table II, however, all ties are broken on the basis of Optimum Time. Optimum Time in First Round (Table IV Sec. 1)—The first round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. In the case of equality of faults, ties will be broken on the following basis: an "Optimum Time" (defined as 4 seconds less than the Time Allowed for the course) will be posted on the course plan; the horse with the time on course closest to this Optimum Time (over or under) will prevail in the tie, next closest next, etc.

Table II, Sec. 2 (b) *Jackpot Add back class \$35 in specific classes

The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clean in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment; however, upon the audible signal to begin his/her round, the competitor is responsible to adhering to the 45 seconds rule as per JP134.3. A competitor who leaves the arena after a clear round (before or after the tone) will be considered to have retired from the jump-off. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults. Jumper add back class is a pay out through 4th place class with a minimum of 6 qualifying competitor entries. If the minimum jackpot class entry is not met the class will run as a regular class fee \$20..00. Payouts will be as follows: 1st- 40% 2nd- 30% 3rd 20% 4th- 10%

Table II, Sec 2(c)

Two Phase Competitions - The first phase to consist of 8 to 10 jumping efforts and the second phase (immediate jump-off) of 5 to 7 jumping efforts. Scores are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed if any. If a competitor has gone clean in the first round, he will, upon crossing the finish line, commence the designated jump-off course. Time starts as the horse crosses the finish line for the initial course. If there are no clean rounds and a tie exists for first place, there will be one jump-off, in which time will decide in the event of equality of faults. The use of a Time Allowed is optional in the first round.

(s) Novice Jumper. Open to horses and ponies in their 1st or 2nd year of showing in jumper classes at 2'6" or higher as of December 1st of the current show year. Horses and ponies in this division may only cross enter into Novice Children's/Adult Amateur Jumper if the rider is eligible, and Low Jumper at the same show. This division shall be no lower than 2' 3" and no higher than 2' 6". Associations may submit points for their jumper divisions that have the same specifications as VHSA Associate Jumper Divisions. However, shows must use the VHSA Division names on their result sheets.

(t) Novice Children's/Adult Amateur Jumper: Open to children and adult amateurs in their 1st or 2nd year of showing in jumper classes at 2'6" or higher as of December 1st of the current show year.
